- (6) The transaction is the sale of all the membership interests of the Company by the Transferor to Transferee. The present intent of Transferee is to continue the Company name, personnel, operations, services and prices as they currently exist. Grant of this Application will allow the Transferor to exit this type of telecommunications business in an orderly fashion. At the same time, no, anticompetitive effects will result from the grant of this Application. The Company will continue to provide high-quality communications services to its customers without interruption and without immediate change in rates, terms or conditions. No competitors are eliminated as a result of the sale of the Company's membership interests to the Transferee.

For the foregoing reasons, the Parties respectfully request that the Commission grant this Application for consent to the transfer of the Company as expeditiously as possible.

Respectfully submitted,
